Dogs Of Good Schooling

- Do you find training classes don't fit your hectic lifestyle?
- Are you self-conscious training your dog in a large group of people?
- Do you have a rescue dog that has problems you don't seem to understand?
- Are you expecting the arrival of a new baby but worried how your dog will react?
- Do you just want 1-2-1 training or behaviour advice?

I have over 20 years dog experience, 15 years of which are behaviour based and 12 years experience in showing.

I have worked with nervous show dogs, rescue dogs and family pets with excellent results.
